WELCOME TO KFLA LEADERSHIP MENTORSHIP COURSE:

Awaken the leader in you through one month leadership mentorship training at KFLA. The only program providing you with years of expertise and full-immersion in the proprietary leadership training system that KFLA has leveraged for decades to motivate, inspire and change the lives of thousands. KFLA extends far beyond the singular definition of leadership, imparting fundamental tools for attendees to take back and apply to both their business and personal life.

Discover the driving forces and reasons behind people's actions and behavior, and learn how to influence their choices and help them overcome any obstacle. Unlike other leadership training programs, KFLA teaches you the right SKILLSET and MINDSET for SELF LEADERSHIP from the best of the best in Neuro-Associative Conditioning, Neuro-Linguistic Programming, Persuasion, Non-Verbal Communication and Inspirational Coaching. Plus, learn about unique leadership styles, receive real-time practice and feedback on-site. Not every great leader is born – often great leaders are made. After one month at Knowledge Fountain Leadership Academy, you will be equipped with the insight and skills to step into any situation and radically improve anyone's quality of life.

PROGRAM DESCRIPTION

The Leadership Mentorship Program is a formal mentorship opportunity that supports the acquisition of leadership skills outlined in the KNOWLEDGE FOUNTAIN LEADERSHIP ACADEMY Requirements Model. Reflective questioning, open dialogue, coaching strategies, guided reflection and focused learning (conversations are key components of the program). The guiding principles of the program include: a learning partnership based on mutual respect, trust and freedom of expression; a focus on the further development of leadership strengths through practice and reflection; and a transformational and relational approach to learning. The program is not connected to the performance management system and does not involve mentees working with mentors who are in a supervisory role.
